

Hospital Pharmacy Section – strategic inputs 2006-2010

....defining, promoting and realizing an envisioned future ...

Strategy	HPS activity
Overall	Redefining the envisioned future by means of the Global Conference 2008 and the global survey
Partnership with Patients	Contribution to programmes on continuity of care
Enhance Pharmacy Practice	Active poster programme at each Congress; recognition in the form of an award and publication in the HPS e-newsletter; Global Conference focus area
Better Financial Models	Past programmes have looked at access to high cost medicines; included in the Global Conference focus area
Evidence-Based Practices	Contribution to WG on Collaborative Practice; 2008 programme on paediatric medicines; Global Conference
Assure Competency	Contribution to WG on Good Pharmacy Practice; Global Conference focus area
Sufficient Workforce	Past programmes have looked at clinical training, post-intern and residency; 2008 programme (and GC) will retain this focus
