

THE MIKE HOW TRAVEL AWARD

For Young Pharmacists and Pharmacy Students

The Mike How Travel Award was created in 2007 by the Industrial Pharmacy Section (IPS) of the International Pharmaceutical Federation (FIP). This award was created in honour of Mike How who dedicated much of his time and efforts to the promotion of Industrial Pharmacy, particularly towards young pharmacists and pharmacy students.

The Mike How Travel Award is granted to young pharmacists or pharmacy students who have shown keen interest and passion for Industrial Pharmacy. They may be involved in actual Industrial Pharmacy research, be currently conducting Industrial Pharmacy research, or actively working in an Industrial Pharmacy environment.

By attending the FIP Congress and associated IPS events, award recipients will expand their knowledge and gain exposure to the latest Industrial Pharmacy research developments, which will enhance and positively influence their Industrial Pharmacy careers.

For this purpose, the definition of Industrial Pharmacy includes the development, manufacturing, and regulatory aspects of Pharmaceuticals.
