THIS IS YOUR CONGRESS

31 AUGUST 2024 SATURDAY	Ballroom West	Meeting room 1.60	Meeting room 1.43-1.44
09:00 - 18:00	**FIP** Council Meeting*	**FIP** Digital Pharmacy Summit**	**FIP IPS** Innovations in pharmaceutical manufacturing technologies** **Supported by UPS**

1 SEPTEMBER 2024 SUNDAY	Auditorium	Ballroom East	Ballroom West
09:00 - 12:30			**FIP** Council Meeting*
12:30 - 13:30		**FIP** First Timers meeting*	
13:30 - 14:30			**LSSU-01** Pharmacy in South Africa
15:00 - 17:00	**Opening ceremony**		
17:00 - 18:30	**Welcome Reception (Exhibition hall)**		

EM = Early morning (supported) symposium
PL = Plenary session
* = Meeting on invitation only
LS = Lunch break symposium
PS - Parallel session
** = Accessible with pre-registration only
EMO = Early morning session member organisations
= Rapid fire session from selected abstracts
*** = Please contact the Registration Desk for more information

Meeting room 2.61-2.63	Meeting room 2.64-2.66
FIP ECPG-IPSF-YPG Workshop Leadership Development**	**FIP ECPG-IPSF-YPG** Generative AI (GenAI) Summit**

Meeting room 1.60	Meeting room 2.61-2.63	Meeting room 2.64-2.66	Roof Terrace room
FIP AIM FIP Global Academic Leaders Forum*	**FIP ECPG-IPSF-YPG** Workshop Leadership Development**	**FIP ECPG-IPSF-YPG** Humanitarian Pharmacy Hackathon**	**FIP HPS** Basel Statement update: Supply chain excellence in Africa and beyond: Unpacking the procurement theme of the FIP Basel Statements

Welcome Reception (Exhibition hall)

THIS IS YOUR CONGRESS

2 September 2024 MONDAY	Auditorium	Ballroom East	Ballroom West
08:00 - 08:45			**EMMO-01** Experiences and practical tools for supporting the role of pharmacists of long-term conditions **Supported by Astra Zeneca**
09:00 - 10:30	PLMO-01 Equitable quality health care: A call to action for pharmacy		
10:30 - 11:00	COFFEE BREAK (Exhibition hall)		
11:00 - 12:30	PSMO-01 Data integration & interoperability for the modern pharmacist	PSMO-02 Innovation in supply chain of health commodities	PSMO-03 International humanitarian law: Access to medicines
12:30 - 14:30	LUNCH BREAK (Visit the exhibition & view the posters)		
12:30 - 14:30			
14:30 - 16:00	PSMO-08 Digital health biomarkers: Revolutionising screening	PSMO-09 Global impact, local solutions: Pharmacists tackling antimicrobial resistance (AMR) in low resource settings	PSMO-10 New strategies for pharmacists in the fight against substandard & falsified drugs
16:00 - 16:30	TEA BREAK (Exhibition hall)		
16:30 - 17:30	PLMO-02 Innovative drug discovery & access		
Evening	**FIP Section dinners & Pharmaceutical Sciences dinner*** **		

EM = Early morning (supported) symposium
PL = Plenary session
* = Meeting on invitation only
LS = Lunch break symposium
PS - Parallel session
** = Accessible with pre-registration only
MO = Early morning session member organisations
= Rapid fire session from selected abstracts
*** = Please contact the Registration Desk for more information

Meeting room 1.60	Meeting room 2.40	Meeting room 2.60	Roof Terrace room
	MOMO-01 Swiss Association of Pharmacists (pharmaSuisse) & Royal Dutch Pharmacists Association	MOMO-02 Association of Pharmacists Belgium & European Association of Hospital Pharmacists	MOMO-03 Order of Pharmacists of Lebanon & Egyptian Organization of Pharmacy

COFFEE BREAK (Exhibition hall)

PSMO-04 Planetary health: Contributions from pharmacy	PSMO-05 HIV treatment: The future of preventative care & management	PSMO-06 The evolving role of pharmacists in increasing access to treatment & health outcomes in South Africa & globally	**Rapid fire session** Health and medicines information & hospital pharmacy

LUNCH BREAK (Visit the exhibition & view the posters)

(13:00 - 14:15) LSMO-01 Role of quality-of-life in driving superior patient outcomes in self-care **Supported by Haleon**	(13:00 - 14:15) LSMO-02 A new paradigm: Expanding pharmacists' role in vaccination to support public health **Supported by Pfizer**	(13:00 - 14:00) LSMO-03 Role of pharmacists and HCPs in HPV-related diseases and cancer elimination **Supported by MSD**	(13:00 - 14:15) LSMO-04 Coercion or custodian: A lively debate (GRIP)
PSMO-11 Accelerating practice innovation: Closing the health security inequality gap	PSMO-12 Computational modelling & simulation: Challenges & opportunities for FIP	Risk-based approach to compliance: Ensuring quality & safety in healthcare services	**Rapid fire session** Hospital pharmacy, pharmacy practice research & academic pharmacy

TEA BREAK (Exhibition hall)

FIP HPS Business Meeting*	(16:30 – 18:00) **FIP HaMIS** Business Meeting*	**FIP AcPS** Business Meeting*	

FIP Section dinners & Pharmaceutical Sciences dinner***

83rd FIP World Congress of Pharmacy and Pharmaceutical Sciences

Copenhagen, Denmark
31 August - 3 September 2025

Congress theme:
"Pharmacy forward: Performance, Collaboration, and Health Transformation"

copenhagen2025.fip.org

#FIPCongress #FIPCopenhagen

FIP world congress 2025, themed **"Pharmacy Forward: Performance, Collaboration, and Health Transformation"** aims to explore the evolving role of the pharmacy profession in the context of modern healthcare challenges. The congress will explore how pharmacists can drive forward the performance of healthcare systems, foster meaningful collaboration across sectors, and catalyse transformative changes in health outcomes globally.

The congress is structured around three subthemes, each addressing key facets of this overarching theme

- The subtheme **"Making it sustainable"** focuses on enhancing global health through sustainable resource use, innovative health solutions, and robust policy frameworks.
- **"Making the system work"** emphasises pharmacists' roles in enhancing healthcare efficiency through integrated care, patient safety and innovations like telepharmacy and AI.
- **"Making it personal"** explores personalised medicine's impact on health care, emphasising pharmacists' crucial role in tailoring treatments to improve patient outcomes. It underscores the pharmacist-patient relationship as pivotal for optimising healthcare delivery.

Join us in Copenhagen to be part of this disucssion!

FIP WORLD CONGRESS

fip DEVELOPMENT GOALS

The FIP Development Goals, launched by the International Pharmaceutical Federation (FIP) in September 2020, are a key resource for transforming the pharmacy profession over the next decade globally, regionally and nationally.

They align with FIP's mission to support global health by enabling the advancement of pharmaceutical practice, sciences, education and workforce. They are set to transform pharmacy in alignment with wider global imperatives underpinning the UN Sustainable Development Goals (SDGs).

We believe it is imperative to bring science, practice, education & workforce together into one transformative framework to clearly set out the goals for development for the next decade. With the Development Goals as a transformative framework, the recent 'FIP Global Roadmap 2030' serves to bridge the gap between our global commitments, Strategic Plan, and our Goals leading to 2030.

DISCOVER THE FIP SECTIONS
For pharmacy practitioners

FIP has adopted as one of its three main strategic objectives the advancement of pharmacy practice in all settings. Eight FIP pharmacy practice sections develop projects and initiatives to help achieve this ambitious goal.

All individual members of FIP are automatically a member of the section of their choice, through which they can interact with colleagues with similar interests from all over the world.

FIP sections:

- Academic Pharmacy Section
- Community Pharmacy Section
- Clinical Biology Section
- Hospital Pharmacy Section
- Health and Medicines Information Section
- Military and Emergency Pharmacy Section
- Industrial Pharmacy Section
- Social and Administrative Pharmacy Section

Learn more about each FIP section and its activities here:
www.fip.org/pharmacy-practice

DISCOVER FIP'S SPECIAL INTEREST GROUPS

For pharmaceutical scientists

The advancement of the pharmaceutical sciences on a global level is one of FIP's main strategic objectives. Six special interest groups (SIGs), led by the Board of Pharmaceutical Sciences, develop initiatives to help achieve this goal.

All individual FIP members can choose to be a member of a SIG, through which they can interact with peers and colleagues with similar interests from all over the world.

FIP SIGs:

- Drug Delivery and Manufacturing
- New Generation of Pharmaceutical Scientists
- New Medicines
- Personalised and Precision Medicine
- Pharmacy Practice Research
- Regulatory Sciences and Quality

Learn more about each SIG and its activities here:

South Africa SOUTH AFRICAN TOURISM

***Think Health, Think Pharmacy* is FIP's global campaign advocating for our pharmacy profession. We're convinced that it's through pharmacy that much progress towards Sustainable Development Goal 3 (good health and well-being for all) will be made.**

A wide range of health services, in addition to medicines supply and health advice, are being provided by pharmacies.
Nevertheless, our pharmacy profession needs universal recognition of its unique place in primary health care.

- *We want everyone to think about pharmacy when they think about their health.*
- *We need policy makers to think about universal pharmacy coverage when they think about universal health coverage.*
- *We must do more to promote our professional identity, which will facilitate more pharmacy services with tangible benefits for our communities.*

Support the FIP #ThinkHealth ThinkPharmacy campaign and support our profession!

NORTH-WEST UNIVERSITY
IT ALL STARTS HERE!®

SCHOOL OF PHARMACY

Aims to lead in South African and global education, research, and community engagement by training pharmacists through excellent, ethically focused teaching and collaborative practices, promoting health and social responsibility.

CENTRE OF EXCELLENCE FOR PHARMACEUTICAL SCIENCES (PHARMACEN™)

Is a leading research hub focused on national priorities with global impact, featuring three key programmes: Translational Neuroscience and Neurotherapeutics, Drug Delivery, and Drug Discovery.

DSI/NWU PRECLINICAL DRUG DEVELOPMENT PLATFORM (PCDDP)

Is a cutting-edge national facility that supports the growth of South Africa's pharmaceutical industry by providing preclinical testing for local and international research institutions and companies. We invite you to explore our facility and join us in bridging the gap between pharmaceutical R&D and the market.

RESEARCH INSTITUTE FOR INDUSTRIAL PHARMACY, INCORPORATING CENTRE FOR QUALITY ASSURANCE MEDICINES (RIIP®/CENQAM®)

Is a globally recognised provider of analytical and related services to the pharmaceutical industry, non-governmental organisations, procurement agencies and medicines regulatory authorities.

MEDICINE USAGE IN SOUTH AFRICA (MUSA)

Aims to enhance the proper utilization of medications in Southern Africa by conducting top-tier research and providing advanced training. MUSA plays a vital role in fostering a safe and sustainable environment for medicine use, ultimately benefiting the health landscape of the southern African region.

A New Paradigm:

Expanding Pharmacists' Role in Vaccination to Support Public Health

Monday 2 September | 1:00pm - 2:15 pm | Please join us in Room 2.40

This symposium will underscore the burden of vaccine preventable respiratory diseases and highlight the critical role of pharmacy in delivering effective vaccination services to help meet the public health need. Pharmacy experts with global advocacy experience will showcase the continued momentum for an expanded scope of pharmacy vaccination services, including in countries such as France and Italy, and discuss the continued need to advocate for pharmacists' growing role in adult vaccination.

Featuring:

Dr. Catherine Duggan
Chief Executive Officer
International Pharmaceutical Federation (FIP)

Join us to discuss

- The underappreciated burden of vaccine preventable respiratory diseases in adults and the public health need for an expanded scope for pharmacists to deliver adult vaccination, support vaccine confidence and help expand capacity in primary care.
- The rapid advancements made globally in pharmacists' scope of practice to deliver adult life-course vaccination, including and beyond influenza and COVID-19.
- Case study examples from France and Italy on the paradigm shift in pharmacy vaccination services, including best practices on how to drive policy change to expand pharmacists' role in adult vaccination.

This symposium is organized and funded by Pfizer Inc. and may include reference to Pfizer medicines relevant to the agenda topics. This symposium is intended for healthcare professionals and other relevant decision-makers only. This session is not included in the main conference CME/CPD credit.

ENHANCING DAILY MANAGEMENT OF PATIENTS WITH SYMPTOMATIC REFLUX IN THE COMMUNITY

Managing symptomatic reflux remains a significant contributor to daily life in pharmacy. Whether dispensing medicines or facilitating a consultation, the role of the pharmacist in managing customers with these symptoms has significantly increased recently.

Please join Professor Serhat Bor (Turkey), Jackie Maimin (South Africa) and Trevor Gore (UK) at this symposium where the latest understandings on the causes of symptomatic reflux will be examined, and the opportunities for community pharmacy discussed.

SUPPORT THE CTICC CARES CAMPAIGN

Donations

Show your love by donating the following items in the collection boxes at the CTICC:

- Blankets
- Clothes
- Cooking utensils
- Non-perishable food items
- Pre-loved books
- Soft toys

SUSTAINABILITY TIPS

Use your reuseable water bottle

Use your reusable water bottle that is included in the congress bag to refill at our water stations.

Waste separation

Dispose of waste responsibly by using designated recycling bins provided throughout the venue.

Recycle your landyard

Please reuse your lanyard when you attend our next World Congress in Copenhagen, Denmark, from 31 August - 3 September 2025.

Energy conservation

Turn off computers, laptops and other electronic devices when not in use. Recharge them only when needed.

Go digital & reduce paper usage

Access congress materials and schedules through our official Congress app to reduce paper waste.

Engage in sustainable catering

Enjoy locally sourced food and the vegetarian options provided by our caterers and avoid single-use plastics.

Provide feedback

Share your thoughts and suggestions on how we can improve our sustainability efforts for future congresses. Please contact us at congress@fip.org
