

FIP Member organisation benefits and opportunities

Be part of FIP,
be part of global
pharmacy

FIP: THE GLOBAL PHARMACY NETWORK

The International Pharmaceutical Federation (FIP) is the global body representing pharmacy, founded in 1912. Though its global network of national professional organisations, academic institutions and individual members, FIP represents a community of more than four million pharmacists, pharmaceutical scientists and educators around the world.

FIP leads pharmacy globally. We continue expanding our reach and influence through partnerships with key health, policy-making, education and science institutions. Our vision is a world where everyone benefits from access to quality, effective, safe and affordable medicines and health technologies, supported by pharmaceutical care delivered by pharmacists and other healthcare professionals.

FIP IS UNIQUE BECAUSE IT:

Has credibility on a global level, including official relations with the WHO and partnerships with UNESCO.

Defines global norms and standards for pharmacy practice and education.

Is the only global resource centre collecting and analysing data on pharmacy trends.

Unites pharmacists, pharmaceutical scientists and educators in one network.

Operates across all pharmacy and pharmaceutical science sectors.

Provides a global platform for partnerships, innovation, and provision.

ADVANCING
PHARMACY
WORLDWIDE

WHAT DOES FIP OFFER ITS MEMBER ORGANISATIONS?

POLICY AND INFLUENCE

- Benefit from FIP's strategic partnership with the World Health Organization, UNESCO (through our UNITWIN programme) and the World Health Professions Alliance, and our close collaboration with a range of global organisations and stakeholders;
- Nominate candidates for election for FIP leadership bodies;
- Nominate candidates for FIP policy committees, advisory groups, working groups and other committees;
- Votes at the FIP Council to directly influence the Federation's strategy policy, leadership and governance;
- Review and provide input to draft policy statements before they are taken to Council for voting, hence giving you the opportunity to shape the voice of FIP and global policy affecting pharmacy;
- Use FIP Statements of Policy, joint declarations with key partners and other advocacy tools to support your work;
- Engage and collaborate with peer organisations in your region (and across regions) through the FIP Regional Pharmaceutical Forums;
- Benefit from the strategic direction provided by FIP at global and regional levels;
- Influence health policy at global, regional and national level through FIP.

**SHAPE GLOBAL
PHARMACY.
DRIVE POLICY.
LEAD THE FUTURE.**

NETWORKING AND EVENTS

- Participate in the FIP World Congress of Pharmacy and Pharmaceutical Sciences at a special rate for official delegates of FIP member organisations;
- Receive invitations to networking events during the FIP Congress exclusive for FIP members and global leaders in pharmacy;
- Enjoy access to opportunities and facilities to arrange meetings with sister organisations during the FIP congress;
- Join the FIP delegation to the World Health Assembly, where you can network with the World's health policy leaders and most influential stakeholders, and learn about emerging trends and policy options;
- Submit proposals for sessions at the FIP World Congress of Pharmacy and Pharmaceutical Sciences to present successful initiatives by your organisation, or to discuss the challenges that are affecting you;
- Participate in online events, roundtables, summits and other policy and professional events organised by FIP, to showcase best practices and developments.

**CONNECT.
SHARE.
SHINE ON THE
GLOBAL STAGE.**

LEADERSHIP AND SUPPORT

- Obtain personalised support from FIP to advance pharmacy in your country and support / amplify your advocacy work, namely in achieving legislative and regulatory changes, and expanding the roles of pharmacists.
- Receive letters of support from FIP to your government and key policymakers;
- Have FIP leaders and international experts at your national events;
- Advance pharmacy practice and workforce development in your country through the FIP Development Goals and the FIP Practice and Workforce Transformation Programmes;
- Obtain the FIP Seal of quality for your organisation's CPD and training programmes, as a member benefit
- Apply for the "Supported by FIP" logo for your organisation's eligible events and initiatives, thus expressing their alignment with global standards of quality and global trends in pharmacy;
- Nominate your organisation's initiatives for global awards in recognition of excellence and innovation in pharmaceutical practice, sciences and education.

**GLOBAL SUPPORT.
NATIONAL CHANGE.
COLLECTIVE
PROGRESS.**

EVIDENCE AND DATA

- Enjoy access to reliable strategic data, intelligence, evidence and best practices from around the world through the Global Pharmaceutical Observatory;
- Participate in FIP global surveys on a variety of topics, to ensure your country and organisation are included in the ensuing reports, that you can use for benchmarking and advocacy;
- Participate in and benefit from multinational needs assessment projects: mapping of priorities and needs against a systematic framework;
- Contribute to the WHO's and UN's global health workforce surveillance through FIP;
- Enjoy access to the library of abstracts, presentations and posters from FIP congresses – a wealth of data, evidence and innovation.

**TRUSTED DATA.
SMARTER
DECISIONS.
GLOBAL INSIGHTS.**

RESOURCES AND SUPPORT FOR ADVANCING PHARMACEUTICAL PRACTICE, SCIENCES AND EDUCATION

- Enjoy access to a vast library of practice and workforce development resources, including member-only resources;
- Enjoy access to guidelines, best practice and evidence to support the implementation of new professional services in your country;
- Participate in and provide input to FIP handbooks, toolkits, technical reports and insight board meetings on a variety of current and emerging topics of relevance for pharmacy and global health;
- Stay up to date on the latest news and developments in pharmacy from across the globe through FIP newsletters, the International Pharmacy Journal, the Pharmacy Education Journal and our active presence on social media.
- Enjoy access to and participation in interviews, panel discussions and podcasts to explore trends and hot topics and views from global leaders and experts;
- Enjoy access to online provision of education, training and professional development;
- Enjoy access to train-the-trainer programmes for capacity building on different topics through FIP's platform FIPx.

**PRACTICAL TOOLS.
TRUSTED
KNOWLEDGE.
QUALITY
INFORMATION &
EDUCATION.**

**SUPPORT AND CONTRIBUTE TO THE UNITY AND ROBUSTNESS
OF THE PHARMACY PROFESSION AROUND THE WORLD
– TOGETHER, WE ARE STRONGER!**

Join FIP to amplify your voice, influence policy, build capacity and be part of the global transformation of pharmacy.

To become an FIP member organisation, contact us at membership@fip.org to arrange a meeting or presentation.
