Dr. Tetsuya Ozeki (DDM SIG Chair) attended the FIP Congress held in Abu Dhabi (United Arab Emirates) from September 22-26, 2019. He contributed as a chair with a co-chair, Sabine Kopp (World Health Organization, Switzerland), to the HOT TOPIC: FIP-WHO joint session on access to medicines, D24. Dr. Ozeki and Dr. Erem Bilensoy (Vice-chair) sent the invitation to the member and provided the Meet the SIG meeting on Sept. 24. The facilitators, in particular chair and vice-chairs: Dr. Ozeki, Dr. Bilensoy and Dr. Aliasger K. Salem had a close email meeting to build a new SIG, DDM. Dr. Ozeki has joined the Programming Committee for the FIP Congress in Seville (Spain) in September, 2020 and in Brisbane (Australia) in August – September, 2021. Dr. Ozeki and Dr. Bilensoy joined the International Programming Committee for the PSWC in Montreal (Canada) in May, 2020.

The SIG is particularly proud of the BPS Special Project: Current topics surrounding the formulation of medicine for children: The investigation and education for future pharmacists and researchers in Nagoya City University (NCU)
Dr. Ozeki conducted the survey about current state surrounding the formulation of medicine for children to the students in NCU before and after the class using DVD edited by National Center for Child Health and Development in Japan. We have been analysing and checking the change for the knowledge and the learning of child medicine.
This relates to objective in BPS strategic plan to support the reform of pharmacy and pharmaceutical sciences education.

Goal for 2020:

The DDM leadership team engage more effectively with colleagues from various BPP Sections in joint programming activities to underline invaluable relationship between clinical and practical outcomes and scientifically designed drug delivery and manufacturing.
