

## **SIG on Personalised and Precision Medicine Annual Report 2024**

### **SIG accomplishments during the 2024 calendar year**

In 2024, Personalised and Precision Medicine (PPM) SIG continued to contribute to relevant FIP programs as detailed below.

1. Actively participated in the organization of the FIP 2024 annual meeting in Cape Town, South Africa by
  - Drafted/edited one session proposal;
  - Provided advice on additional proposals;
  - Reviewed abstracts related to Precision Medicine and selected abstracts to be presented orally.
2. Actively participated in the organization of the FIP 2025 annual meeting in Copenhagen, Denmark by
  - Participated in annual meeting theme nomination;
  - Drafted/edited two session proposals and nominate speakers/panellists from PPM SIG to join these sessions;
  - Provided advice on additional proposals.
3. Connected SIG members for various invited educational opportunities around the world. Examples include:
  - Recommended lecturer for International Pharmacogenomics Webinar Series entitled "Pharmacogenomics in Practice: Bridging Theory to Clinical Application" in collaboration with Medodrix, TranscendSci Consulting, and the Pharmacy Graduates Association of Pakistan.
  - Lectured at the 21<sup>st</sup> International Pharmaceutical Technology Symposium, September 9-11, 2024, Ankara, Turkey. Organized by Professor Erem Bilensoy.

***This is the one activity our SIG is particularly proud of,** because it enhanced the unique position of FIP as a global organisation for both scientists and pharmacists.*

**SIG goals for the 2025 calendar year**

- Goal #1: re-organize the leadership team that will be able to efficiently communicate to its members and have broad connection with other FIP sections and groups.
- Goal #2: Participating and contributing to the strategic planning of BPS within FIP.
- Goal #3: Contributing to the one FIP goal by participating in all relevant FIP programs.
