

Clinical Biology Section

Annual Report 2018

The Clinical Biology Section is

- *Reconnecting with our elected treasurer in Glasgow*
- *Working on the translation to English of the French National Academy of Pharmacy on “Autotests – Point of care testing, role of the community pharmacist” (should be ready before summer 2019)*
- *Co-organising a session during FIP Glasgow congress about Overview of technical and clinical aspects of point-of-care testing (POCT), with a lecture of Dra. Marileia Scartezini from Brazil*

CBS is particularly proud of: Translation to English of the French National Academy of Pharmacy on “Autotests – Doctor’s test, role of the community pharmacist”

Goals for 2019:

- *Goal #1: Getting new and more members !*
- *Goal #2: Working with the International Federation of Clinical Chemistry (IFCC)*
- *Goal #3: Working on the follow up of Glasgow session about POCT for Seville congress*
