

Dear IPS ExCo and IPS Members,

I am writing to propose my application for the open ExCo positions. I am Mustafa Abacioglu, a Turkish American Industrial Pharmacist that has been proudly serving as an Associate ExCo Member in IPS for the last three years. During this short period, I have proudly taken initiative by spearheading legacy IPS projects such as the FIP World Congress GMP Workshop and IPS 70th Year Reception while also contributing to day-to-day tasks such as social media promotions and active contributions to IPS meetings on a regular basis as I have attended over 90% of meetings since my mandate. I am passionate for Industrial Pharmacy and IPS and have been always raising my hand for new initiatives and going the extra mile for the growth and the sustainability of the organization and look to further add onto my responsibilities as a full ExCo member. Finally, even though I am on the earlier side of my career, I believe I have gained valuable experience that I can further bring to IPS as I have worked in leading companies such as Pfizer, GSK, AbbVie, Boehringer Ingelheim and Daiichi Sankyo in many functions such as Sales, Marketing, Market Access, Medical Affairs, Regulatory Affairs and Procurement. I have already been contributing my experience and my network to IPS and I look forward to carrying this to an even higher level if the IPS community gives me this opportunity. Thank you for your time and consideration.
